

Managing Director's Message

Dear Friends,

We take this opportunity to wish you all great success in 2011.

We, at Francis Klein are continuously seeking innovative methods to provide cutting edge technology to serve the market demands with superior quality, high performance, and high productivity and cost competitive products.

We successfully participated in International Machine Tool Exhibition – **IMTEX 2011** held in Bangalore in January 2011 for Metal Cutting Machine Tools. The response from customers was overwhelming. We could successfully conclude number of orders for various Machines from Auto Sector and other Industry.

With our aim to serve our customers with complete solution, we have entered into sales partnership with KÖRBER SCHLEIFRING GROUP, a strong and reliable machine tool company offering all kinds of high precision grinding machines.

Francis Klein with its resources confident of meeting the market demands working together with SCHLEIFRING Group will strive to offer customers the best technological and profitable solutions to our customers.

We look forward to your continuous support and patronage.

With Best Wishes,
Ghanshyam Agrawal
